

A social story about
Moving into Reception
September 2025

In the mornings you will come onto our playground and say goodbye to your parents/carers. You will come in through the main door.

When you come into the building, you will hang your coats on your peg.

The toilets are in the classroom.

At the moment my classroom looks like this. It will look different after the holidays but it will still be our classroom.

We go out of the back door to our 'outside classroom'

I will eat lunch in the dinner hall.

After lunch we play on the main school playground.

My teachers are Mrs Bugg and Mrs Kettle.

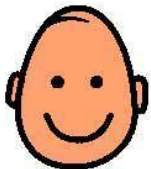

We will also be helped by Miss Lock.

It is OK to be worried. Everyone gets worried.

Thank you for telling me

I can tell my teachers when I am worried and they will listen. I can tell *a grown up* when I am worried and they will listen.

In class we do mixture of child and adult led activities during the day. Here are a few photos of some of the learning we have enjoyed.
